

Lido 14 District 6 & The Eugene Yacht Club
invite you to join us for the

2008 Lido 14

Class Championship Regatta

August 18th through August 20th

Competed At

Fern Ridge Reservoir - Eugene, OR

The Lido 14 Class Championship returns to the site of the 2004 CCR, when 46 teams enjoyed the excellent racing conditions and hospitality of The Eugene YC. Mark your calendars now for what will be an event to remember - great sailing, great social activities, and great vacation possibilities.

The Host Club

Eugene YC facilities are located along the western shore of the 9,000 acre Fern Ridge Reservoir, 15 miles west of downtown Eugene, OR. Club grounds feature extensive lawns for relaxing and camping as well as shady areas and a well equipped playground for children. A portion of the club's lakefront is set aside as a protected swimming area.

Camping and Lodging

The Eugene YC has beautiful, expansive lawns at the water's edge for campers. This is plush camping as there are locker rooms with showers available throughout the event. For those with RV's, bordering the Eugene Yacht Club is Richardson Park. Richardson is a county park and offers RV sites with full hookups, restrooms, showers, dump station, etc. for those interested. It is less than a 3

minute walk to the Eugene Yacht Club from the park. If you have pets, this is the best solution as EYC does not allow pets on the grounds.

And finally, the city of Eugene has many fine hotels and B&Bs available at all price points. It is only a short 15 minute drive from downtown Eugene to the club.

The Racing Venue

Fern Ridge Reservoir is a great site for dinghy racing. The consistent summer thermals predict winds between 12-18 MPH with relatively

flat water. The lake is perfect for Lido-sized CCR courses, and the wind steady across the course. Fern Ridge Reservoir combines one of the best freshwater racing venues on the west coast with excellent race management volunteers. EYC has more than adequate facilities to store and launch as many boats as we can get here. Two hoists and two

launching ramps provide options for launching, and plenty of dock space is available while launching. EYC and Fern Ridge have been the hosts of many national championships, including: Lasers, Thistles, Day Sailors and Santana 20's.

Vacation Opportunities

And if the hospitality and racing venue isn't enough to convince you, then you must consider the opportunity for an extended vacation. Central Oregon provides so many options for vacation, including: wine tasting, fly-fishing or camping in the Deschutes National Wilderness, golf at one of many top-notch resorts, touring the Oregon Coast, and yes, even summer snow skiing on Mt. Hood! These are just some of the fantastic options for an extended summer vacation.

This is just a short preview of what District 6 and EYC have in store for those who attend the 2008 CCR. If we haven't convinced you, give me a call to discuss how we can make this event a priority for you next year. Jim Sterner - 206-353-1140
